

EDUCATION	Mathematical Sciences Institute, Australian National University Canberra, Australia <i>Bachelor of Philosophy (Honours) & Bachelor of Mathematical Sciences</i> 2021 - 2025 • Thesis: <i>A Braid Group Action on Category $\mathcal{O}$</i>, supervised by Dr Asilata Bapat and Dr Leonardo Maltoni First-Class Honours – 91/100 • Major: Pure Mathematics, Minors: Physics and Computer Science
	Secondary School Sydney, Australia <i>Cranbrook School, ATAR: 99.55/99.95</i> 2015 - 2020
RESEARCH & EMPLOYMENT EXPERIENCE	Rouquier Complexes and Link Invariants – Summer Research <i>Supervised by Dr Leonardo Maltoni</i> 12/2024 - 2/2025 • Funded as a summer research student by Australian Mathematical Sciences Institute (AMSI) Summer Research Scholarship
	Viral Genome in Extremal Environments – Research Assistant <i>Supervised by Dr Ga��tan Burgio</i> 07/2023 - 11/2023 • Funded by the Talo Computational Biology Talent Accelerator Grant • Project focused on extending classic natural language processing techniques used in predicting genomic data with transformers
	Investigating Cryptographic Errors – Research Assistant <i>Supervised by Dr Thomas Haine</i> 02/2023 - 06/2023 • Funded as a research assistant by Australian Signals Directorate and Australian National University (ASD-ANU) • Project focused on cryptographic security and implementation errors of the Swiss Post E-voting system • Awarded bug bounty of �1000 from YesWeHack
	Quantum Algorithms – Summer Research <i>Supervised by Dr Syed Assad</i> 12/2022 - 04/2023 • Project focused on variational quantum algorithms (specifically the quantum approximation optimisation algorithm) and their applications to NP-hard problems
	Astro-ML – Summer Research <i>Supervised by Dr Yuan-Sen Ting</i> 12/2021 - 02/2022 • Project focused on machine learning algorithms (factor analysis) for astronomy
TEACHING	• MATH1014 Mathematics and Applications 2 Semester 2 2025 • MATH1013 Mathematics and Applications 1 Semester 1 2025 • COMP1600 Foundations of Computing Semester 2 2024 • SDU-ANU MA1 & MA2 Mathematics Analysis 1 & 2 (online) 2024
AWARDS AND HONORS	• Co-Lab Honours Grant (AUD \$9,500) 2025 • AMSI Summer Research Scholarship (AUD \$3,000) 2024 • Human-Aligned AI Summer School travel grant (�1,000) 2024 • Talo Computational Biology Talent Accelerator Grant (AUD \$4,000) 2023 • Future Scientist Exchange Program FMISC at USTC (RMB \$12,000) 2023

ADDITIONAL
ACTIVITIES

- Co-organiser of *What is...* seminar, 2025
 - Weekly seminar and problem sessions for MSI students to explain their honours projects
- Trombonist, ANU Orchestra, 2022 - 2023
- President of Undergraduate Research Society at ANU, 2023
 - Organised community events, skills workshops, 3-minute thesis competition
- Peer mentor, 2023
 - PhB, First-Year Experience, Set4ANU, SciPals
